## ENEMY RETREATS NORTH OF ALBERT

Steady Pressure of Allies Gains  
High Ground West of Oise.

Enormous Loss Suffered by the  
Huns During W. r.

Aerial Operations Are Intense.

Situation Normal on Italian  
Front.

(By War Editor of The Associated  
Press)

Allied pressure has been effectively renewed against the German line in the region of Roye on the Picardy battle front.

The enemy is clinging tenaciously to this town as a bulwark of the positions he took up after being driven back from the Amiens region.

Both the French and the British are pushing closer, however, and making his prolonged tenacity of the place doubtful.

London last night reported the British lines advanced northwest of Roye in the neighborhood of Dommery and Parvillers, while today Paris reports a forward movement on the part of the French west and southwest of Roye on a front of 2 1/2 miles.

Roye is rapidly becoming the virtual apex of a salient which will soon invite a crushing allied stroke if the Franco-British pressure can be as effectively maintained as it has been recently.

Apparently the enemy has completed his withdrawal in the Hebuterne sector north of Albert. Berlin announces officially that German troops were withdrawn from small salients. The enemy still holds Albert but the British are in the western outskirts.

Between the Oise and Matz the French continue their steady pressure and have gained additional high ground west of the Oise and northwest of Ribecourt.

It is believed in London that because of the scarcity of reserves the Germans will fight on the defensive on their present line.

Fifteen reserve divisions already have been thrown in between the Ancre and the Oise and the enemy is said to have only 16 fresh divisions on the entire front from the North Sea to Switzerland.

Unofficial estimates placed the allied captures since August 8 at 34,000 men and 670 guns. It is declared the proportion of German to al-

lied losses has been greater in the recent fighting than at any time since 1914.

All other sectors of the western front appear to be affected by a fighting lull.

Aerial operations still are intense. On the British front 28 German machines were put out of action Wednesday, while the British lost 15.

Bombs have been dropped on railway junctions within the German lines. Paris was visited Thursday night by raiders who dropped several bombs. A few persons were killed.

On the Italian front the situation is normal.

## HOLD SERVICE AT ROOSEVELT'S GRAVE

(By Associated Press Cable)  
Paris, August 16.—Religious services beside the grave of Lieutenant Quentin Roosevelt near the spot where he fell to his death in an air combat last month, were held today by Bishop Breat of the Protestant Episcopal Church and Rev. Chas. McFarland, of the Federal Council of Churches of Christ in America.

It took place after a visit to the American front at Flines.

## MULES BURN

(By Associated Press Dispatch)  
Chillicothe, O., August 16.—Fire at six o'clock last night destroyed a building and 39 head of mules at the Remount Station at Camp Sherman.

## CAVALRY USED ON LARGE SCALE IN GREAT WAR

The operations in Picardy at last has accorded an opportunity for the cavalry to get into real action. At the opening of Marshal Haig's great drive on the Huns in Picardy, British cavalry was thrown into action in great numbers for the first time in the great war. At times the cavalry was reported miles ahead of the infantry. The photo shows a detachment of British mounted men crossing a hurriedly constructed bridge in the wake of the fleeing Huns.

## R. R. YARDS BOMBED

(Associated Press Cable)  
With the American Army in France, August 15.—American aviators successfully bombed the railroad yards at Dommery-Barencourt in the Verdun-Metz area this morning. Longuyon, north of Verdun and Thiaucourt were attacked Wednesday.

## WILLIS' VOTE GROWING WITH LATER FIGURES

Now Believed Plurality Will  
Reach Near Fifty Thousand.

Robinson of Marysville Seems  
to Have Been Chosen for  
Judgeship.

(Associated Press Dispatch)  
Columbus, O., August 16.—The nomination of James E. Robinson, of Marysville, along with Judge Wana-maker, as Republican candidates for Judge of the Supreme Court at last Tuesday's primary, seems assured to day with returns from 57 counties tabulated by the Secretary of State. Robinson is now leading Kinkead of Toledo, by 1200.

Former Governor Willis's plurality over Edwin Jones of Jackson, has mounted to 44,343 in 62 counties.

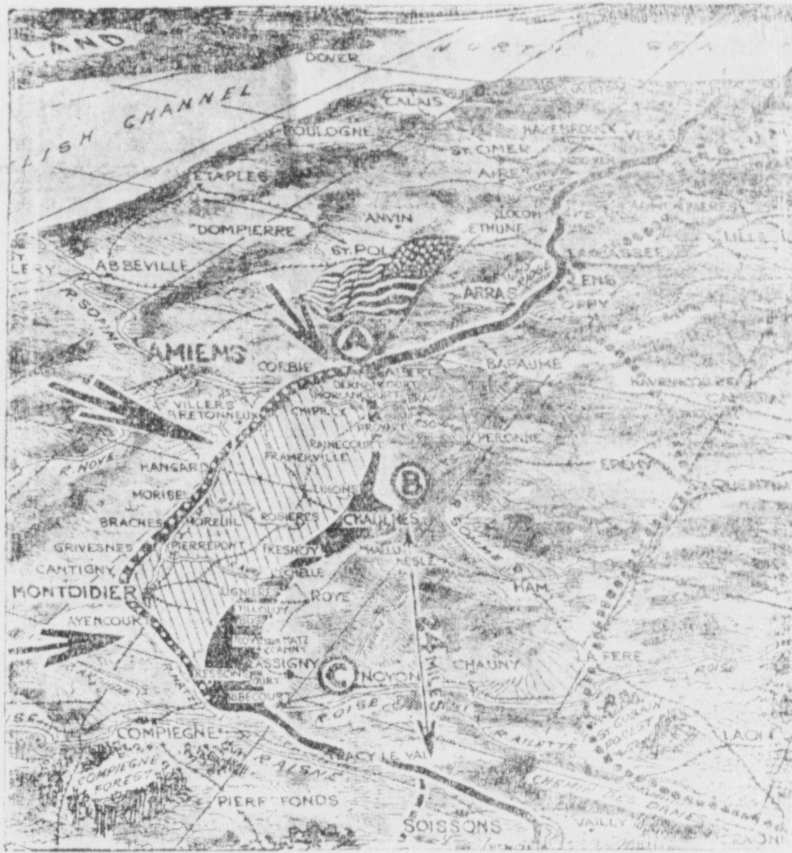

## BRAZILIAN SHIP

(Associated Press Dispatch)  
New York, August 16.—The Brazil, an motor ship Madrugada has been sunk by a German submarine off the American coast, according to word received here today, in insurance circles. The crew was picked up and will be landed at an Atlantic port.

## CREW ESCAPES

(Associated Press Dispatch)  
New York, August 16.—The captain and crew escaped in life boats and were rescued. They landed here this afternoon and stated the ship had been sunk off the North Virginia coast yesterday by shell fire.

## PICARDY FRONT

The German reserves hurried down from Flanders to stem the British advance were defeated with severe losses and pushed back on the line A to B. The important railway town of Chaulnes (B) is reported to have been captured by the Australians and Canadians. The French extended their gains from the Ayre to south of Noyon (C), and seem to have invested Roye, the base of General von Hutier's retiring army. The Germans are fighting to hold Noyon at all costs, as this is the pivot of the southern flank in Picardy. The white dotted line indicates the battle-front at the start of the present drive, August 8. The solid black area shows the most recent advance of the Franco-British forces. The dotted line indicates the battle line at the start of the 1913 offensive in the west. The diagonally shaded area represents the gains made by the Allies in the first three days of the drive.

## MANGLED BODY IS DISCOVERED MURDER FEARED

(Associated Press Dispatch)  
Wooster, O., August 16.—James Martin yesterday found the lower half of a woman's body in a sack in a water hole near the Breeze Chautauqua grounds, according to word received today by the Wayne County sheriff.

The legs of the body had been sawed in two at the knees, and indications were the body had been in the water several weeks.

(Associated Press Cable)

London, August 16.—From Moscow to Vladivostok and from the White Sea to the Caspian Sea the Russian situation daily is becoming more interesting and more menacing to Germany.

From Archangel allied troops have made good progress toward Vologda, and apparently are operating in three columns, against the Bolsheviks, whose opposition is reported to have been fairly determined.

The occupation of Baku by British troops is a great blow to German and Turkish pretensions in the Caucasus. To the north the Czechoslovaks are in force along the Volga under the command of experienced Russian generals.

In eastern Siberia the position of the allies is improving as more troops are landed at Vladivostok.

## DON COSSACKS ARE VICTORIOUS

(Associated Press Dispatch)  
Amsterdam, August 16.—The Don Cossacks have cleared the left bank of the Don of their opponents and are marching victoriously on Zaragin from which they are only one day's march distant says an official statement from the Don Cossack staff and received here from Kiev.

## ENTER VERONESH

(Associated Press Cable)  
Amsterdam, August 16.—The newspapers at Kiev report the Cossacks from the Northern Don region have entered Veronesh.

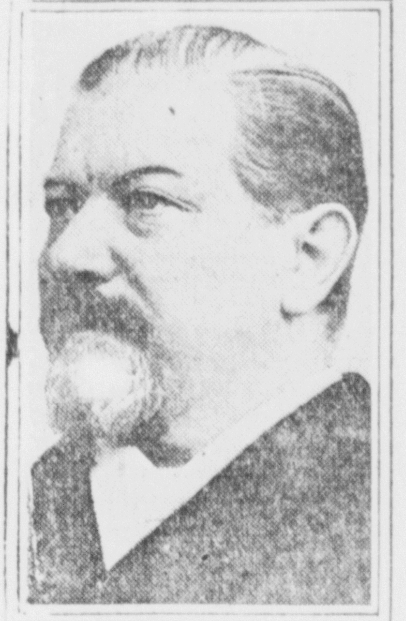

A dispatch from Kiev says the Don and Kuban governments and leaders in adjoining regions have entered negotiations looking to the establishment of a joint central government.

## SEARCHING FOR THE SUBMARINES

(Associated Press Dispatch)  
Washington, August 16.—No additional information had reached the Navy Department today as to the success of the depth bomb charge attack made Wednesday on a submarine near Cape May, N. J., by seaplanes and submarine chasers.

Secretary Daniels said he assumed the commandant of that naval district was making every effort by dragging to establish whether the submarine had been destroyed.

## RETURNS TO AMERICA

George Ehret, the New York brewer, whose estate, valued at \$40,000,000 was recently taken over by Allen Property Custodian Palmer, has arrived at an Atlantic port from Norway. It is understood that Mr. Ehret, who is eighty-three years old, will at once institute proceedings for the recovery of his property here. Although a citizen of the United States his property was seized because of his residence in Germany, where he has been since the beginning of the war.

## HUNS' LOSS ENORMOUS

Germany Is Estimated to Have  
Lost 6 000 000 Men in War.

(By Associated Press Cable)  
Paris, August 16.—The total of German losses from the beginning of the war to the end of July, 1918, are understood to be 6,000,000, according to the morning newspapers.

The figures include 1,400,000 killed up to the beginning of the German offensive last March. From March 27 to June 17 the Germans are said to have lost 120,000 killed alone.

## THIRTY GERMAN PLANES ATTACK EIGHT YANKEES

Lt. Miller of New York Killed  
in Action. Comrades Escape.

(Associated Press Cable)  
Paris, August 16.—Lieutenant Walter B. Miller, of New York City, was killed in an aerial combat August 3. His patrol of 8 machines was attacked by a German squadron of 30 airplanes. He fell inside the American lines. The other members escaped after a fierce struggle.

## VICTORY ROLL

(Associated Press Dispatch)  
Washington, August 16.—The army casualty list today contained 43 names. Eighteen were killed in action and 25 wounded severely. No Obolans were in the list.

## NEARLY 14000 ATTEND ANNUAL FAIR THURSDAY

Thousands of Automobiles and Other Vehicles Carry the Hugo Throng to Fair for Greatest Day in Recent Years.

Not One Single Serious Mishap Mars Event—Another Good-Sized Crowd Witnesses Racing Today.

A crowd estimated at around 14,000 people—the largest throng attending the Fayette county fair in recent years fairly overran the spacious grounds Thursday, and not a single serious mishap occurred to mar the pleasure of the big event, notwithstanding the fact that the automobiles were greater by many hundreds than in any previous year.

Acres of parking space were devoted to other care of automobiles, and so well was the parking handled that only in some instances did the congestion become so great that it was difficult to extricate automobiles in a short time.

A surprisingly large number of strangers were in attendance, indicating the presence of a host of people from all surrounding counties. And the order was almost perfect, no serious rows breaking out, and there was probably the least use of intoxicants this year in the history of the fair.

The big, good humored crowd flocked to every department and to various places of entertainment and amusement, while the grand stand was filled and the race course along the entire grounds was lined with people. In addition to the packed main part of the grounds, thousands of persons were resting in their automobiles part of the time, the rest facilities of the grounds being totally inadequate to accommodate only a very few persons at one time.

The music of the Washington Band was up to the standard and greatly enjoyed.

The greatest machinery display ever seen at the local fair was visited by thousands, all interested in the rapidly changing types of machinery, and anxious to inspect the very latest makes of farming implements.

Friday was another good day, a large crowd being drawn by the strong racing wind, and the weather like that of Thursday, was almost perfect for the big day.

### THURSDAY'S RACES.

One of the largest crowds ever assembled about the race course witnessed the racing Thursday afternoon, finding the sport a pleasant diversion from the war-time worries and strain, and the racing generally was good, with full fields and some exciting contests.

Two mishaps occurred on the track during the afternoon, Peter Wilton

### Fine Work of Local Band.

Nothing has added more to the

pleasure of the fair than the splendid

work of the Washington Band. For

weeks the boys have held special

practices and Mr. Ernest Harvey, as-

stant leader, made a special trip to Cin-

cinnati to purchase new music.

Throughout the afternoon the band

played the latest and most popular

music and with a pep and smoothness

that brought forth constant plaudits

from the crowded grand stand. There

were many requests sent up to have

numbers repeated.

Mr. James Whelpley was assisted

by Mr. Ernest Harvey in leading the

band. The singing of popular songs

as they were played made a big hit.

## TRACTOR FACTORY SEEKS LOCATION

Word has been received by a local citizen from a man who resided in this city many years ago and who is now associated with a tractor plant, seeking a location at this point where tractors could be built, and there is reason to believe that if a suitable location is found, he will proceed at once toward bringing the plant to this city.

The former citizen writes that he has a very warm spot in his heart for Washington C. H., for obvious reasons, and because he regards this city an ideal location for the plant with which he is associated, and of which he apparently is the head.

It is expected that the citizens receiving communication will immediately give all information available with a view to landing the plant if a suitable plant is offered.

## BIG ATTRACTION FOR FAIR WEEK

Admirers of Norma Talmadge, and they are legion, will find the beautiful, magnetic film star, Norma Talmadge, her most brilliant and fascinating self in "By Right of Purchase" showing at the Colonial for the rest of the week.

This talented star is making rapid upward strides and each photo-drama in which she appears surpasses its predecessors.

"By Right of Purchase" is a highly dramatic photo-play of metropolitan society life in which the heroine, Margot Hughes, marries Chadwick Himes solely for his money, despite her infatuation for Dick Derwent, a handsome profligate. Himes loves her passionately but it takes months and suffering before Margot works out her salvation and finds that she truly loves the man to whom she had formerly belonged by right of purchase.

It is a stirring heart drama with a punch; a masterful photo-play of metropolitan society life, embellished with beautiful gowns and superb settings.

Eugene O'Brien, who starred with Miss Talmadge in "The Moth," "Ghosts of Yesterday," and other productions, is an exceptionally popular film actor and the entire cast and sumptuous production assists Norma in adding fresh laurels to her artistic achievements. It is a big fair week attraction.

## ANNIVERSARY AT MT. OLIVE CHURCH

The anniversary service held at Mt. Olive church to commemorate the third year since its dedication, drew a very large assembly of members and their friends and the entire day was marked as one of noteworthy interest and pleasure.

It was an all-day meeting, with a fine fried chicken dinner served in the basement. Rev. J. S. Henkle, and assistants took good care that there was plenty of ice water.

The big feature of the day was the subscribing of money to pay off the church debt and the greater part paid at once.

The Ladies Aid society subscribed another \$50 and expect soon to have a sale in town.

## TRAIN RIDERS ARE GIVEN WORK

Three train riders, brought before Probate Judge Frank M. Allen, arrested by Detective Lienance, of the B. & O. Friday morning were fined \$25 and the costs and workhouse sentences attached.

However, the sentence was suspended when the men agreed to begin work, at usual wages, on the P. & D. bank building, and they fell to with a will.

## GOOD PROMOTION FOR A. L. WALTERS GOES TO DETROIT

Mr. A. L. Walters, for the past 14 years agent of The Detroit, Toledo & Ironton Railroad in this city, has been promoted to general agent of the D. T. & I. office at Detroit—the most important office of the entire system, and under present arrangements will take his departure next week. His successor at this point has not been named.

The promotion comes as a merited recognition of Mr. Walters' splendid ability in handling the affairs of a railroad office, and because of his long service in the employ of the D. T. & I. and his reliability in conducting the business of such an office, which requires a great deal of skill, hard work and a close knowledge of every phase of railroad work.

Mr. Walters was formerly employed by the C. H. & D. railroad, being with that company three years in this city before being appointed to the position of general agent at this point.

Because of his pleasant relationship with the business men of the city and community, and his readiness to accommodate the public generally, Mr. Walters has won a host of friends in the city and surrounding territory, and his recent notification of his promotion to the Detroit office at a handsome increase in salary is not only evidence of the high regard held for him by the D. T. & I. management, but is a genuine recognition of his ability in the railroad business.

Mr. and Mrs. Walters will probably take their departure some time next week.

## CHERRY HOTEL FIRE DOES NO DAMAGE

Smoke was discovered issuing from a room on the third floor of the Cherry Hotel, about noon, Friday, and while employees of the hotel seized chemical tubes and got busy a call was made for the fire department so that in case the chemical failed to extinguish the threatened blaze, the department would be on the scene ready for business.

It was found that the smoke was coming from a small charred spot back of a bath tub, presumably where someone had dropped a match or cigarette stub. A small section of baseboard and a similar spot on the floor, which soon would have developed flames, was quickly extinguished with little or no damage resulting. No water was used.

## WEATHER AND CROP CONDITION REPORT

Washington, D. C., August 14.—Showers have occurred in the greater portions of Iowa and Nebraska, eastern and northcentral Kansas, northcentral Oklahoma, western Illinois, northeastern Kentucky, southern Indiana and scattered areas in Missouri. Amounts were light to moderate. The weather has continued warm in the southern and moderate temperatures have prevailed in the middle and northern portions of the Region.

Continued hot, dry weather was very unfavorable for corn from Kansas, southeastern Nebraska and southern Iowa southward and in much of the Ohio Valley. In many upland localities of Missouri, Kansas, Oklahoma and Texas the crop will be a failure. The condition is generally favorable however in extreme northeastern and central northern districts. The crop is maturing in the extreme south and fodder pulling is general in the southeast. Late grain harvest and thrashing made excellent progress, except in a few northwestern localities where rain interfered, and the yield continues generally good. Fall plowing made slow advance in many central and southern sections on account of hard, dry soil. Conditions continued unfavorable for potatoes, fruit, truck and pastures in central and southwest sections but improved in northeast, north-central and many western localities.

## GERMAN MORALE ON THE DECLINE

New York, August 15.—(Associated Press)—War has caused an increase of crime and depravity among the German people, according to an analysis published by the Berlin Vorwaerts. The paper recalls that at the beginning of the war, prophets spoke of a "steel bath" in the waters of which the morals of the German people would recuperate.

"Since August 4, 1914," says the Vorwaerts, "we have allowed the blessings of this bath to act on us with steadily increasing vigor and the result is a moral condition of health of the German people of which the compilations of criminal statistics give convincing reports. These tell us of the steadily increasing number of crimes of brutality, and serious crimes against property and a glance at any newspaper confirms the horrible increasing number of robberies and burglaries in the cities and as well as in the rural districts. Systematically organized and methodically oper-

ating bands of robbers menace continually life and property of respectable citizens."

## WAR STAMP BALL AT STATE FAIR

Columbus, O., August 16.—Carrying the marks of "battle," the big War Savings Ball has completed its tour of the state and will be placed on exhibition at the Ohio State Fair, which commences in Columbus on Monday, August 26. After it has been paid the respects of additional thousands of people, it will be given a position in the Ohio Horticultural Museum on the state university grounds. The War Savings Ball left Columbus early in May. It covered practically all the counties in the state, traveling several thousand miles, only to be returned to Columbus and interned in a "casualty station."

No attempt at reconstruction work has been made on the War Savings Ball. Its tour of the many counties operated to insure the sale of many thousand dollars of War Savings Stamps.

## The Good Old Times

We wonder sometimes, while the revolutionary changes are occurring all around us, while our governmental institutions, our social life and even our own personal life and habits are undergoing radical reformation to meet the requirements of the time and to conform to the collective good in the present emergency, whether the good old times, the good old customs and habits of life will ever return.

For our political freedom of thought and action, for our liberties and opportunities, we have no fear at all. Present governmental restrictions will pass away with the passing of the necessity, but whether the people themselves will go back, when the strain of war's necessity is over to the old care-free happy times, whether the old amusements will be revived, whether we will get as much pleasure out of the simple things of life as we once did—that's the puzzle.

The war has taught America her bigness, her power, and her duty. The field of work has spread out over the whole world. We are neighbors now with all the great big world. It has become our duty and our purpose to see to it that America's freedom is not menaced by autocrats of the old world.

In France, in Belgium, in Italy, our boys—more than a million of them are marching to victory behind the starry banner. Even far away Siberia is our near neighbor now and side by side with the plodding Slav our soldiers are pointing and leading the way to victory and to freedom.

We have assumed the responsibilities of a much broader national life. America has seen clearly her gigantic task and has risen to it superbly, but the glory of the accomplishments sometimes makes us wonder whether the good old times of isolation, self-sufficiency and contentment will come back again after the war.

Our desires have changed. We have assumed greater responsibilities and are actuated by different ambitions. Our amusements have been revolutionized, our customs changed.

We have acquired many new habits. America will be a greater America, but we regret to see the old times passing.

## Fortunately Only a Few

It is discouraging when discussions, remarks, explanations and complaints disclose that there are some people here in free, enlightened America who cannot or will not understand why it is, when we have plenty of wheat, plenty of sugar, plenty of cotton and plenty of nearly all necessities, that we must use sparingly.

There are not many people of that sort, it is true. But that there should be any at all is the discouraging feature.

We have patience with those who can't understand, but we have absolutely no patience with the few who fail utterly to grasp the purpose and insist in loudly proclaiming their objections to the necessary restrictions imposed by the government and in emphatically expressing their disapproval.

The world markets must supply the world's necessities, and the world's markets are short of supply—the source of production has been alarmingly reduced.

We are producing, here in America, plenty and we have plenty, but American markets are now, practically the world's production. While America has plenty her own demand is plussed by the demand of her allies who are short of supply.

The mere fact that our warehouses and elevators are filled with sugar, cotton, wheat and other necessities and all the while the government holds us down on consumption is no evidence at all that the orders restricting consumption are unnecessary.

Again we remind the few loud objectors that they are short-sighted and possessed of only a narrow vision.

We must look not only to our own future, but to the future of our friends and allies. We must rigidly restrict our own demands so that we will be able to meet the greater demands.

Any one who objects to conservation regulations simply because we have plenty is either a dunce or worse.

Altho . . . ! Well, I am here  
to say

I sure would like to land ONE Fritz,  
(That lyin' hog who SWORE he'd  
stay!

When I gitt there, I don't expect  
To bust no Boshers' concrete bean  
I gotta better job than that—  
It's just to kidnap—one—small—  
queen!

I ain't right shore about her name,  
But when the Red Cross fetched  
me back,

That little S. A. Lass was THERE  
With pie! an' coffee, hot and black  
She had a smile that WAS a smile,  
An' by that smile, I'll find her, Bill,  
Before some CRIPPLE cops her' out  
Boy Howdy, you are right I will!

## THE GOAL

(American Press)

Washington, Aug. 16.—The \$500,000,000 issue of certificates of indebtedness was oversubscribed \$75,706,999, the treasury announced. The fact that the allies have called on the United States so far this month for only \$11,000,000 loans was a element in prompting treasury officials to believe that \$5,000,000,000 would be sufficient for the fourth Liberty loan. All federal reserve districts except Richmond, Minneapolis and Dallas over-subscribed their quotas for the latest certificate issue. The total amount of certificates now outstanding to be refunded in the fourth Liberty loan is \$2,759,000,000.

## OHIO NEWS

(American Press)

Vollenweider Defeated. Gallipolis, O., Aug. 16.—The official count in the Eighth Senatorial district shows that Captain Tom Jones of Meigs county, now in France, is the Republican nominee by 10 votes over Otto E. Vollenweider of Vinton county.

Fires at Bedburg Hit Roommate. Toledo, Aug. 16.—Casimir Karmos, 25, was shooting at a henhouse, so the police were told, when the bullet struck and wounded his roommate, Thomas Garas, in the abdomen. Garas was rushed to a hospital. He refused to make formal complaint against Karmos.

Major Dick's Plurality. Akron, O., Aug. 16.—Former United States Senator Charles Dick won the Republican nomination for congress in the Fourteenth district, according to complete unofficial figures. His plurality over Judge A. R. Webber of Lorain county, who ran second, is 599.

Status of Draft Officials. Columbus, Aug. 16.—Members of draft boards who register in September will automatically get deferred classification on the ground that they are doing necessary government employment, according to Major W. S. Peater, state draft head. Clerks employed by the draft boards, however, do not share in this ruling.

Girls Disappear. Marion, O., Aug. 16.—Two more girls, Ruth Hall, 16, and Laura McGinty, are mysteriously missing from their homes here, local police reported. They went for a ride Wednesday night and failed to return. Two young men suspected of knowing something about their whereabouts are held under surveillance.

Murder Charge Against Negro. Columbus, Aug. 16.—Walker Hopkins, 35, negro, seized here in connection with a murder at Moxahala, Perry county, was turned over to Sheriff E. R. Hughes and two deputies from that place. Hopkins is charged with killing George Clark in a free-for-all fray at a construction camp. In attempting arrests Sheriff Hughes was forced to shoot and kill Pat Ford, a negro. Five hundred negro workmen in the little town attempted to mob the sheriff and his two deputies but they escaped.

## FAMOUS MAJOR DIES IN FRANCE

(Associated Press Correspondence.) Toulon, France, August 1.—Cagnoli, probably the most famous drum major in the French army, is dead. He had retired long before the beginning of the present war; but re-enlisted in August, 1914. He named each of his seven children for a battle in which his regiment in past historic days had fought.

## DRAFTED MEN TO WEAR BRASSARD

Will Be Considered in Uniform After Being So Decorated.

(By Associated Press Dispatch.) Columbus, O., August 16.—Drafted men of Ohio in future when called for mobilization will receive brassards to be worn on their arms until their arrival at camp and will be considered to be in uniform after being so decorated.

This new feature grows out of the fact that in a number of instances men when called for enlistment have appeared in an intoxicated condition. The new ruling is intended to leave no room for excuse for liquor dealers selling intoxicants to the men.

## NUCLEUS FORMED FOR STRONG LEAGUE OF ALL THE NATIONS

### Social and Personal

On Tuesday evening of this week, the country home of J. J. Minton, on the Leesburg Pike between Buena Vista and Leesburg was the scene of a beautiful affair and enjoyable occasion.

The members of Rev. J. J. Minton's Sunday School Class of the White Oak Grove M. P. Church met and carried out a plan which completely surprised not only Rev. Minton, but his wife as well.

The party consisted of the many members of his class, together with their families, including the pastor of the Church, Rev. Ludwick and wife.

After meeting in Buena Vista and loading up with ice cream, together with the cakes that the women had prepared, they journeyed on to the home.

Rev. Ludwick, acting as spokesman for the party made a short address, pointing out the earnestness and the sincerity with which Rev. Minton had played his useful part in life and how it was appreciated by the members of the class. He also spoke as the great amount of benefit that came from meetings of this kind. Rev. Minton responded with an address of welcome, thanking the party and class for the interest that they had taken in him, assuring them that it was a helpful influence, and that it would have a great effect making him feel all the more his responsibilities as a teacher.

Rev. Ludwick led in prayer, after which there were refreshments and a good social time. At a late hour the guests departed for their homes wishing Rev. and Mrs. Minton many more just such joyous occasions.

Many and beautiful have been the dances at the K. of P. hall, but the Mid-Summer dance for the benefit of the Red Cross, given by the Alpha Chi Dancing Club Thursday night, rivals them all and stands out distinctively as the prettiest dance of them all.

From both the social and financial stand points the Mid-Summer dance was the most brilliant success of any ball in many years and crowns with new laurels this club of young society people, who have been sponsors for a series of dances which have brought to the Red Cross treasury welcome sums. Every cent above expenses has always been given to the Red Cross and the club well merits appreciation for the efforts expended.

The Mid-Summer dance netted for the Red Cross \$154.15.

The pre-eminent attraction of the ball was the wonderful music by Parker's orchestra of five pieces, from Columbus. The prince of orchestra leaders, Parker himself, was in charge and the music was superb, inspiring the dancers and providing a rare treat to spectators.

The floor was in fine shape and never has the "light fantastic" been more joyfully tripped.

Expert skill had been put forth in the decorations and the ball room was a dream of floral beauty, with the national colors predominating all floor baskets and jardinières of flowers, palms and ferns were placed in every available niche and lattice work, trellised with flowers and vines screened the musicians and the doors. The pretty girls in their pretty summer frocks gave the completing touch.

A hundred and twenty-five couples participated, including society folk from Chillicothe, Waverly, Williamsport, Circleville, Wilmington, London, Jeffersonville, South Charleston, Greenfield, Milledgeville, Good Hope, Bloomingburg and a large number of the boys from Camp Sherman.

The many friends of P. J. Burke, Jr., one of Washington's foremost young business men, will be somewhat surprised to learn of the announcement contained in a telegram sent to his father and mother in this city, announcing that on August 14th at St. Joseph's Church, Freeport, Ills., he was united in marriage with Miss Agnes Berger, of Freeport, Ills.

Mr. and Mrs. Burke have been enjoying a wedding trip to Chicago and the lakes and are expected home this evening.

The many friends of "Trie" are waiting to extend congratulations and good wishes to him and his bride.

The home of Mr. and Mrs. Leland McCune, near New Holland, was the scene of a merry party, Tuesday night when Mrs. McCune entertained in honor of her cousin, Miss Opal Rowe, of Akron.

Between fifty-five and sixty guests thoroughly enjoyed the evening spent on the cool lawn, made extremely attractive by numerous Japanese lanterns effectively hung beneath the trees, and extending to the veranda.

A delightful feature of the evening was the serving of delicious refreshments picnic style.

Miss Lela Linsinger assisted Mrs. McCune in the hospitalities.

Among the quasi public social events is the social to be given this evening by the Epworth League, in the parlors of Grace Church. The honor guest will be Lt. Robert Johnson recently returned from the battlefield in France.

The event will afford the many friends of Lt. Johnson an ideal opportunity to meet and chat in comfort with this interesting young Washington man. The social feature of course will be most enjoyable.

Quite a large gathering is anticipated and friends are expecting a royal good time.

Mr. and Mrs. Charles Record and Wanda Lee, of Wilmington, were the guests of Mrs. Regina U. Staibus to attend the Fair Thursday.

Mr. and Mrs. Harry Levy, Mrs. Lea Levy, Mrs. Abe Bergman and Mr. Ben Ahren made up a motoring party from Chillicothe here Thursday.

Raymond Bishop, son of Mr. Lawrence Bishop, of Washington Avenue left Friday for Cincinnati, enroute to the Naval Training Station on the Great Lakes, where he goes into training.

Among guests from Camp Sherman attending the Mid-Summer dance were Major Beach, Capt. and Mrs. Soultgen, Capt. Rhodes.

Among South Charleston people in attendance at the Mid-Summer dance were Miss Rachel Houston, Messrs. Joe Van Meter, Wm. Chance, Arthur Landacre, Harry Smith, David Graham.

Misses Mathilda and Helen Bennett, Marian Ruggles, Katharine Ruggles, Mary Marfield; Messrs. Harry Hoffner, Harry Short, Paul Adkins, Arnold Duncan and Foster Weldon were Circleville guests at the dance Thursday night.

Mrs. C. W. Smithers and daughter, Miss Helen, arrived this afternoon from Kansas City, Mo., to be the guests of Mr. I. P. Smithers, daughter, Miss Ruth, and other relatives.

Mildred Conner, daughter of Mr. and Mrs. Loren Conner, of Sabina, is visiting Ruth Jamison, daughter of Mr. and Mrs. Frank Jamison.

Mr. George Pickering is over from Eaton visiting his sister, Mrs. Bert Wigginton, and attending the Fair.

Mr. and Mrs. Warren Ogle, Misses Agnes and Mada Ogle, of Good Hope, motored to Bainbridge Friday for a visit of several days.

Mr. J. L. Meyers, former owner and manager of the Colonial Theater now engaged in the same business in Chillicothe, was among Thursday's visitors at the Fair.

Mr. Jesse Hankins and family of Sedalia were visitors here Thursday for the Fair.

Mr. and Mrs. William McCoy, of Wilmington, have been the Fair guests of Mr. and Mrs. R. C. Peddicord.

Mr. and Mrs. James Hagerty, Mr. Wert Shoop and sister, Miss Bess, motored up to Huron, Ohio, Thursday.

Miss Marie Allen, of Milledgeville, went to Dayton, Thursday to visit friends and witness the British Flyers' Exhibition.

Mr. O. E. Tanquary was a business visitor in Columbus Thursday.

Mrs. Ray Maynard has returned from a visit in Greenfield.

Miss Blanche Stuckey arrives from Cincinnati, this evening to visit her sister, Mrs. Geo. H. Hitchcock. Mrs. John D. Stuckey joins her daughter, later.

Mrs. James Morrow, who came in from Waukegan, Ill., to attend the funeral of Mr. John Shoop, is remaining for a visit with her mother, Mrs. Laura Shoop.

Ralph Mayer was up from Ft. Thomas to spend Thursday night with his parents, Mr. and Mrs. Frank Mayer.

Friends of Mrs. Mary L. Briggs will regret to learn that she is seriously ill at her home in Weston.

Mr. Walter Robinson, Chief Statistician of the State Insurance department, is down from Columbus attending the Fair and visiting at the home of his brother, Mr. George A. Robinson.

Mrs. Stan. Hagerty has as her guests, Miss Pearl Haycock, of Newark, and Miss Pauline Gammill, of Norwood.

Mr. R. M. Wilson, daughter, Miss Grace, and son Robert, of Greenfield, were the guests of Mr. Wilson's sister, Mrs. A. M. Bush and Dr. Bush, Thursday.

Mrs. Luella Herbert comes down from Columbus this afternoon to spend the coming year with her brother Mr. George A. Robinson and sister, Miss Mary Robinson.

Miss Rose McLean is entertaining for Fair week her brother, Mr. L. C. McLean, nephew, Mr. Duncan McLean, wife and daughter, Jean, and Mr. Cryder of Magnetic Springs, and Mr. and Mrs. Emmitt McLean of Greenfield.

Mr. Curtis Whitmer, of South Charleston, attended the Fair Thursday.

### YOUTHS REACHING 21 SINCE JUNE 5 MAY REACH NEAR 44

The estimated number of the youths in Fayette county who have attained the age of 21 years since June 5th, last, and must register Saturday, August 24th, for military service, is expected to be 44, this number being the estimate of the Adjutant General.

The registration will be held at the Local Board office in the Payee building, over the Fayette County Bank, and the hours for registration are 7:00 a. m. to 9:00 p. m.

All youths who have become 21 years, or who will become 21 years, on the day of registration, must register without fail.

### MAKING PLANS FOR BIG REGISTRATION

When the registration of men between 18 and 45 takes place early in September men from every precinct in the county will register at the usual voting places in their respective precincts.

A Chief Registrar will be in charge and will be assisted by one and probably two assistant registrars.

The men between 21 and 32, who have previously registered, will not be required to register. All others between the ages of 18 and 45, whether rich or poor, black or white, and regardless of occupation must register or suffer severe penalty under the law.

The exact date of the registration has not been set, but will be fixed by Presidential proclamation.

### DEATHS

DURFLINGER.

Emily S. Durflinger, aged 79 years, died Thursday night at nine o'clock at the residence on the Robinson road. The deceased leaves one son, Mr. Isaac Miller, of this city. Funeral services will be held Saturday afternoon at 2:30 o'clock from the Camp Grove church. Burial in Washington cemetery.

### VAN GUNDY

Mrs. Molly Van Gundy, aged 68 years, wife of Henry Van Gundy, died Thursday afternoon at 3:30 at her home on Henkle street, this city. Funeral services will be held Saturday afternoon at 2 o'clock at the residence Rev. Grove officiating. Burial in Washington cemetery.

### CLAIMS PEERESS' RIGHT

LADY RHONDA

Lady Rhonda, widow of Viscount Rhonda, former British Food Controller, proposes to claim her rights as a peeress to sit in the House of Lords, according to a report from London. Lady Rhonda is an energetic believer in the principle of equality between the sexes. Should she decide to claim her right, Lady Rhonda will have to prove her succession to the satisfaction of the Lord Chancellor, the Crown Office, and the Committee on Privileges of the House of Lords.

### STILL BILLION SKY

(American Press)

Washington, Aug. 16.—Chairman Kitchin of the ways and means committee announced that the revenue bill will not be ready for presentation in the house before the latter part of next week. It had been planned to report the bill next Monday, when the house reassembles after the recess.

The estimated receipts possible under the revenue bill as thus far tentatively agreed upon by the committee are \$500,000,000 to \$1,000,000,000 less than the \$5,000,000,000 sought.

There are indications, after two days devoted to hearing treasury officials, that the committee will insist on increases in the lower brackets of the present excess profits schedule and will make little or no increase in the higher brackets. The present excess profits schedule is graduated from 20 to 60 per cent.

Treasury officials submitted a plan to divide business into eight classes, on which the treasury will have discretionary powers to fix the percentage of deduction for pre-war earnings anywhere between 8 and 12 per cent.

### MILLION DOLLAR MARK PASSED BY COMMERCIAL BANK

Another Fayette County Bank—the third one now—has passed the million dollar mark. This time the Commercial Bank, at the close of business on Friday, showed total assets amounting to \$1,024,341.33 and passed into the million dollar bank society.

Cashier C. P. Ballard states that the deposits of the Commercial totaled today \$809,644.09 and the loans and discounts and bonds totaled \$747,896.33 with a capital and surplus of \$150,000 and \$200,000 cash and exchange on hand.

The Commercial Bank has experienced a wonderful growth in the past few years and it is needless to state that the prosperity and growth of the bank indicated in its passing over the line today into the million dollar bank class is abundant and indisputable proof of the prosperity and thrift of this community which has been first over the top in all war demands.

To learn the new war time songs, and hear too the new sacred music of the band, come to the Court House Sunday evening at seven. Messages also by Washington ministers on "The War and the Bible."

### J. D. M'KISSON PAYS A TRIBUTE TO NERV-WORTH

Well Known Pen Line Artist Found a Royal Friend in This Famous Family Tonic.

Mr. McKisson is known all over Ohio. He has made many drawings for county histories and for other publications. He is now draughtsman for the Steam Shovel Co., at Marion, Ohio. He is a man of the highest character. Note what he wrote a few days ago to the Nerv-Worth demonstrator at Marion:

"I now feel in duty bound to give some expression to my appreciation of Nerv-Worth as a remedy for which it is recommended, I was a soldier in the Army of the Potomac during the Civil War, and owing to the extreme exposure and bad diet I was taken with catarrh of the stomach and bowels, which resulted in a most severe running off of mucus from the bowels which would last for several days. This was invariably followed by severe constipation, which would continue until the next attack of running off of the bowels. During the past year I have fallen off in weight about twenty-five pounds which caused me to be so weakened that I felt quite unfit for my work. I noticed in the papers of Marion what Nerv-Worth had been doing for some of our citizens and I resolved to give it a trial and secure a bottle of it and continued the treatment until I had taken four bottle of Nerv-Worth. I have waited now over one month after the last dose was taken to see if my trouble was relieved or if it would return after the use of the medicine was discontinued. This trouble is completely relieved and there is no symptoms of any return of it. I have gained in weight and strength, my digestion is much better, also my nervous condition is improved therefore I most heartily

recommend Nerv-Worth. I am now in my 76th year and what it has done for me is worth many times what it has cost. Ever a friend of Nerv-Worth."

"J. D. McKisson, 132 Canby Court, Marion, Ohio." The Brown and The Christopher drug stores sell Nerv-Worth in Washington C. H. Your dollar back if this famous family tonic does not benefit you. Advt.

### WHOOPING COUGH

By Associated Press Dispatch. Columbus, O., August 16.—Whooping cough was Ohio's most prevalent communicable disease in June, according to reports to the State Department of Health as compiled today. There were 1,635 cases of the disease in the state. The figures also showed that whooping cough has been increasing in prevalence in the in the last few months. It stood third among the communicable diseases in May and fifth in April.

## BOYS' AND GIRLS' CLUB WORK

## How I Grew My Pig

How I grew my pig I am a small boy only twelve (12) years of age; am not old enough to go to fight the Germans but am trying to do my "little bit" in helping win the war.

Mrs. Allen leader of Uncle Sam's pig club of Fayette County invited me to become a member. I gladly accepted the invitation and began at once to look around for a pig.

I went to a gentleman, who is a member of the Spotted Poland China hog association and told him my plans.

He decided at once to let me have a pig. He was willing to help boys, who were anxious to help win the war.

He weighed up a pig that was farrowed March the second, it weighed fifty-two (52) pounds. I put her in the machine and took her home. I named her Lady Nicholas.

She is a full blooded Spotted Poland China. The dam's name is Queen Lill. The sire's name is Corn Belt Chief.

I put her in a shed until I got material to build a pen. She was without grass for four days. I turned her in a grassy lot and soon she was contented.

I fed her a mash made of ground corn and middlings. The last month she has been on a dry lot. I bathe her quite often.

I have enjoyed caring for my pig. My experience in feeding will be a great help to me in the future as I intend to keep Lady Nicholas and raise pigs and help to furnish meat and money to win the war.

RUSSELL EDGE KNOX.

## How I Grew My Pig

After listening to some patriotic speeches I became deeply interested in this World-wide War.

When Mrs. Bernice Allen began to organize a pig club I became interested and became a member I began looking around for a pig. I wanted a pure bred pig. As I find by reading articles on hog raising that it does not pay to raise anything, but pure bred hogs and as I am partial to the Poland China, I made arrangements with Mr. Abe Bocco to furnish me a Spotted Poland China pig, which was farrowed March 2nd and weighed, May 24th fifty-three (53) pounds. I named her Peggy Belle.

Her dam's name is Queen Lill. The sire is Corn Belt Chief. I took Peggy Belle home and placed her in a grassy lot. It was a mixed pasture of timothy and blue grass. She was very restless. She got out of her lot and wandered away. I instituted a search at once and found her on the road headed for Jamestown. I took her home, kept her in a shed where she had no grass, until I built a strong fence. It was four days before she was safe in her new home. I began feeding her a mash made of ground corn and middlings. By using this you can make quick growth and fatten.

I gave her plenty of pure fresh water. Bathed her often.

On 30th of May she refused to eat her feed and, was sick for two days. I watched her closely, and believe me, I was a happy boy when she was all right again. The last month she has been in a dry lot. And for the last ten days have fed corn only.

I am going to keep Peggy Belle for a brood sow. I wish to furnish meat to help feed the boys, who are making such great sacrifices to win this war.

I made a hurdle for her. I enjoy this kind of work. I find the hog is a gentleman and wishes to be treated as one, and if properly cared for will bring you a good profit.

I have enjoyed reading the literature and think it contains much valuable information which will be useful to me in raising hogs. My little brother who is twelve years old and I have cultivated sixty-five acres of corn.

I enjoy raising corn and hogs and by doing this work I hope to be able to do my "little bit" to help win the war.

KERMIT K. KNOX.

## HEADS CONFERENCE

GEORGE W. GARRETT

George W. Garrett, American Minister to The Hague, will head the American Commission which will confer at Berne next month with a German Commission on the maintenance treatment and exchange of prisoners of war of the two countries. This announcement has been made at Washington.

## AMERICAN ARMY AT VLADIVOSTOK

(American Press)

Washington, Aug. 16.—The Twenty-seventh infantry from Manila has arrived at Vladivostok, Secretary of War Baker announced. This regiment, composed of from 1,200 to 1,500 regulars, is landing in Siberia to cooperate with the Czech-Slovak and Japanese forces. This is the first announcement regarding movement of American soldiers in Siberia.

Eighty-four members of the Stevens railroad commission, sent from the United States to Russia in May, 1917, to assist in the rehabilitation of Russian railroads, and who have been at Nagasaki for the last eight months, have arrived at Vladivostok. They will begin work on the Siberian railroad behind the Czech-Slovak lines between Vladivostok and Khabarovsk.

## MUCH PATRIOTISM SHOWN AT FAIR

The Fair was a great success in every way this season. Everyone was enthusiastic over the good time they had but there was a spirit displayed this year that differed from former years. This year throngs of women surrounded the booth held by the Food Conservation Committee of the Council of National Defense. They bought cook books which told how to use substitutes and thus help Uncle Sam solve the food problem.

Many young women came to the booth held by the Recruiting Committee for Student Nurses and made inquiries concerning the work.

It seems that everyone now has a yearning for service, everyone wants to help our boys win the war—this is the thought that is with the American citizens this year even in their good times.

It is hoped that more young women will feel it a privilege to serve the country at this time and will enlist in the Student Nurse Reserve. The committee will be at the Library from three to five o'clock Saturday and will be glad to see any who are interested in the call.

## AFTER SICKNESS

Mrs. Cousins Tells What She Did to Regain Strength.

Coatesville, Penn. — "The grippe left me with a bad cough and in a weak, nervous, run-down condition. I tried Emulsion of Cod Liver Oil without benefit. I read about Vinol, tried it—my cough disappeared, my appetite improved and I gained strength and flesh by its use." — Mrs. Alice Cousins.

We wish every person in this vicinity—who suffers from a weakened, run-down, nervous condition, would try this famous cod liver and iron tonic. We have been recommending it for years and never knew it to fail. Blackmer & Tanquary and druggists everywhere. Advt.

## INTERESTING NOTES ON "Y" ACTIVITIES

## When "Bob Returns"

The boys of the Y. M. C. A. are looking for a treat when Lt. Johnson formerly local Boy's Work Secretary of the Y. M. C. A. returns to this city. "Hey, Red, Bob is coming home! Huh! I knew it fore you did." Such are the sentences that are heard around the lobby now. Everybody will be glad to see Bob and the Boys of the Y. M. C. A. will give him a reception during his stay here.

## New Committee Formed

Secretary Hays was in Columbus Thursday of last week attending a meeting of the State Recruiting Committee of the Army Y. M. C. A. About sixty applicants were examined for work across the seas, among them two from this city. Forty were recommended for overseas service.

The government requires that there now be a certifying committee in each city to examine and recommend the applicants with respect to their loyalty and fitness. The local committee consists of Forest Tipton, Edgar Snyder, and Harold Hays. Any one wishing to go into the Army Y. M. C. A. work should see one of these three.

## "Swimmin' Hole" Popular

The most popular place around the Y. M. C. A. now is the swimming pool. Last week the pool was used 482 times. As far as known, this is the record for any single week. Another feature to be added to the "Big Tub" is a chute which is under construction.

Secretary Hays and the Swimming Instructor have decided to have five different classes of swimmers in the "Y". The classes will be known as the following: Snail, Tadpole, Minnow, Shark, Life Saver. There are certain set tests for each grade. This is a new idea and one which is expected to be popular with the boys and girls.

A swimming contest will be held before the first of September.

## Cadet Company

Six members of the Cadet Co. A have joined the colors. All of these boys tell how glad they are that they got the preliminary training in the local company. The companies have

ing been inactive this summer during vacation will resume operations about the middle of September.

## WRIGHT FIELD TO BE TESTING POINT FOR WHOLE COUNTRY

The Wilbur Wright Field at Dayton is to become the testing center for the entire country. It is announced by officials of the aircraft department, and local citizens may soon see some gigantic planes over this community.

Accommodations will be at once prepared for a number of important officials who will make their headquarters in Dayton, arriving there within the next few days. The change in the status of the field is due to an increase in importance of that location in the eyes of aviation officials and it is now said that machines of international make will be brought to the field for testing purpose.

The latest weight carrying machines, with capacity of from 20 to 40 people will be among the numerous different kinds of machines which will be tested out there and which will likely fly over this city in place of the ordinary type of government flyer.

It is said that the primary cause

for the change was because the local field is the only one in the country with a straightaway three-mile course with a satisfactory approach.

The rumor that the field was abandoned for flying purposes because of the swampy condition and inability to drain is now refuted by the authorities who say that it is a fact that lowest hanger is 21 feet above the high water mark in the flood of 1913. It is now the claim that the Wright Field is among the best in the country.

Aviation officials have leased the new Dayton Savings and Trust building in Dayton and as soon as it is fit for occupancy they will make it their headquarters. The entire official testing squad will be located in Dayton and people of this vicinity will soon have the treat of seeing planes of all

types and descriptions, as they are tested out at the field.

## STEADY WORK IS WHAT THEY WANT

By Associated Press Dispatch.

Martins Ferry, O., August 11.—Employees of a large sheet tin company here are striving to outdo one another to eliminate unnecessary layoffs. All have signed the steady work card. Those who have not lost a working day in thirty are given buttons marked 100 per cent efficient.

The record maintained 60 days entitles the worker to a red button, and ninety days to a red, white and blue button. For longer periods honor certificates will be awarded.

## THE BRUTAL BOLSHIEVSKI NEARS END

(American Press)

London, Aug. 16.—According to late dispatches received here, soviet leaders have fled from Moscow, the Bolshevik capital to Kronstadt, and the soviet troops now are declared to have begun the evacuation of Moscow.

American troops have begun to disembark at Vladivostok to aid the Czech-Blovak army in its campaign in Siberia; an allied force is chasing the enemy more than 100 miles south of Archangel on the railroad; further, allied troops have made a landing southwest of Archangel and are endeavoring to cut off the retreat of the soviet, while British troops have arrived at Baku, in the Caucasus, on the Caspian sea, to assist the Armenians in defending this important seaport against the Turks, to whom it was given by the Brest-Litovsk treaty in the attempt made by the Teutonic allies to dismember Russia.

Thus it will be seen that allied forces now are operating jointly on three important sections of Russian territory—on the north, with a base in the White sea; in the east, with a base in the Sea of Japan, and on the south, in Transcaucasia.

Probably realizing the seriousness of the situation as it now affects the central powers, with defeats on the western front and their military positions in the other theaters none so secure, with the feeling in Russia daily growing more intense against the Bolshevik and German rule, important conferences are in progress at German headquarters. The German and Austrian emperors and their allies and Field Marshal Von Hindenburg and General Ludendorff are the main conferees.

Late dispatches recorded the advance of the allied troops from Archangel to Pabershehka, 100 miles south on the road to Volozna. The Bolsheviks are retreating and were reported committing every known atrocity upon the civilian population, which openly has espoused the cause of the allies.

## ANOTHER SUIT AGAINST CITY

The second suit against the city, a friendly action similar to that filed by the Washington Water Company, has been filed by The Washington Gas & Electric Company, in which judgment in the sum of \$3876.01 is sought, was filed in the common pleas court Friday morning.

The plaintiff, represented by Post & Reid, declares that the city has not paid for street and other lighting, under contract made with the city, since December 31st, 1917, and that the above amount is now due.

The City will not contest the cases, but at a recent called meeting authorized proper officials to go before the court and confess judgment in the amounts asked, it being the way devised by council to wipe out the practice of paying the bills by obtaining advances from funds which ordinarily should be used the following six months.

When judgment is confessed and the matter settled, it will be necessary for council to issue bonds to meet the obligations, and without the formality of a court action this could not be done.

## ATTENDING TO CHICKENS AND GARDEN

My neighbors are surprised to see me looking so well, for they thought I would not live to see summer. I had a pain around my heart as to use me to faint. I knew it came from plucking and pressure of gas in my stomach. A friend in St. Louis told me to use Mayr's Wonderful Remedy and I now feel better than in all my life. I am doing my own work, attending to my chickens and my garden and have cleaned house. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.
